Will Soon Raise Up to Testify to Its Goodness.

The Good Work of Raising Mankind Going on Unabated.

The Happy Home Club is Gathering the Wanderer Into the Fold.

What ever good may have been done o rid this country of intemperance is ost in the shadow by the actual good that is now being accomplished by the Happy Home clubs of the state. The organization of this practical institu-tion and the good that has resulted therefrom has forever laid to rest any dea but that it is a Godsend to man-kind. You may labor, persuade and finally induce a confirmed drunkard to stop drinking, but this is only for a short time. The Happy Home club of today takes the appetite for strong drink away, and however bad the case may be, they cure their patients, and this without harmphysically or mentally. There is a christian spirit that predominates with this soul-saving body of wirkers, and in cases where people are without means they are taken in and cured tree of charge. It is the mission of the Happy Home club to lift the fallen, and their mission will not be accomplished until they are cured. There is no place so pleasant to the patient cured of the liquor habit as that of the reading rooms of the Happy Home club. They look upon it as the sailor does the lighthouse on the coast in a stormy night. Those who have been cured in Bay City, and there are a number, have nothing but praise to say in its behalf, and so thankful are they for the kindness extended that they at once exert them selves to find others in need of assistance, members are increasing, each succeeding day brings new patients, and ere long there will be a small army that can rise up and testify to its goodness right here in Bay City.-Bay City
